

Mission Statement

Parents To Parents (Education 101) is a non-profit, community organization that is dedicated to providing unique programs for single parents which help them develop their parenting skills, strengthen their leadership capabilities, and enrich their lives.

Our Mission

California is one of the most dynamic and diverse urban state in the world. Parents To Parents (P2P) enables single parents to meet and master the challenges of parenting by offering critical training, support and guidance. A wide range of training workshops, individualized consulting, leadership development, administrative assistance and network building helps single parents in ways that are more effective, and which have the greatest impact possible.

Parents To Parents' supportive environment allows single parents the opportunity to learn effective parenting skills. Our training workshops on such topics as building family involvement, financial management planning and budgeting, enable single parents' capability to grow.

Parents To Parents acts as a catalyst for community change and parental readiness by working with the single parent as they move through different stages of development with their child or children.

Stages of development include:

- a) Family Involvement & Activities Planning
- b) Establishing and facilitating peer learning networks
- c) Financial Management Planning
- d) Budgeting Workshops
- e) Fundamental Parenting Skills Workshops
- f) Individualized (child/adult) Consulting
- g) Career Goals & Information Workshops

The Origin of the P2P Organizational (Patch)

Ribbon

The ribbon is in the spirit of most all organizations that has a purpose for the better of humanity. It signifies the uniqueness of P2P and all of its supporters.

Torch

Represents the current generation of parents building and subsequently passing on of all the positive qualities they develop, through P2P to their children; the next generation. "Pass" the torch. 😊

The "K"

The "K" my favorite, perhaps because it is also the first letter in my own daughters' name (Kailyn). Its' meaning is simply "Knowledge". I truly believe that knowledge is key to improving any circumstance or situation. The more that it can be shared, the better an individual will become.

The (inner) Shield

Represents the parent as the foundation that encompasses the total P2P concept. The two shapes (diamond & the triangle) are part of the design but also signifies strength and unity. The triangle is three sided, the parent, the child, and P2P. The diamond (the strongest) natural element in the world; includes (4) sides because this is when the education and support is passed to the child and their future children.
